

Remote River Expeditions

Insurance Release Form

Dear Traveler,

After making arrangements for your trip with Remote River Expeditions, it's important to consider protecting yourself and your investment. Wise travelers recognize the need to protect their health, property, and trip deposits.

Sometimes unexpected circumstances can arise. A sudden emergency in advance or during your trip could spoil your vacation. If you had to cancel or interrupt your trip, would your vacation money be refundable? Could you handle a medical emergency in a foreign country? What would you do if you arrived in Addis Ababa and your luggage arrived in Australia?

Situations such as these do not have to ruin your trip and deplete your resources. As with every aspect of our trips, we are always on the lookout for our client's safety. Therefore, we want to make you aware of travel protection insurance.

We recommend Travel Guard International and information regarding their services may be found via the internet: www.travelguard.com or USA toll free: 800.826.4919. There are other companies offering travel protection as well, we recommend finding the protection that best meets your needs.

Remote River Expeditions will do whatever possible to make your trip enjoyable and trouble free. Please return this form to the Remote River Expeditions Denver office. Your insurance application should be sent directly to Travel Guard or company of your choice.
